

# "BEYOND DIFFERENCES" KAY MS CLUB NEWSLETTER

SEPTEMBER 6, 2022

LET'S MAKE A DIFFERENCE  
*Together*

Sunflower Health Plan is partnering with KAYAN to support a program called **Beyond Differences** for all KAY MS Clubs across the state. The mission of **Beyond Differences** is to inspire students nationwide to end social isolation and create cultures of belonging for everyone. There are activity opportunities for clubs to learn about social isolation and develop creative ways to eliminate social isolation at their school. This program envisions a world where all youth are accepted, valued, and included no matter their differences.

**PROGRAM OPPORTUNITIES**  
Participation in **Beyond Differences** projects is not required but does provide MS students with many valuable lessons and experiences. Each club has the opportunity to earn \$100 for participating in at least 2 social inclusion projects during the school year.  
  
Clubs may either engage in the social inclusion projects offered through the national **Beyond Differences** program, OR create their own projects based on situations they are aware of at school. They can also choose to partner on an existing social inclusion project already occurring at their school.

**WHAT IS SOCIAL ISOLATION?**  
Social Isolation is defined as a lack of social connections. Signs could include: depression, anxiety, self-harm, suicidal thoughts, increased risk of substance abuse. It is especially acute among students perceived as "different" because of physical appearance, disability, race, ethnicity, sexual orientation, religious beliefs, etc.
